ABOUT BRILL

A trusted brand since 1928, Brill delivers fresh ideas and superior formulations for cakes, icings, and cookies that inspire bakers to *be brilliant*.

PORTION CONTROL

With 24 oz of buttercrème per decorating bag, you can be sure to limit over-icing and reduce waste. Each bag is perfectly portioned to decorate 24 - 1 oz cupcakes.

SUPERIOR FORMULATIONS

DecoPro® is filled with the superior-formulated Brill Decorating Buttercrèmes that you know and trust. Brill icings offer a smoother mouthfeel and a more delicious taste because of our unique sugar grinding process, which allows us to use the finest granulations commercially available. And our production process produces a smoother, lighter icing, increasing yield, so that you can create more with the same weight of icing.
